As our DPW staff is cut back to 2 employees a day, the process of brush and leaf pickup will take longer than normal. They started doing brush pickup, Monday, April 6th, it will probably take at least a week. When that is finished, they are moving right to leaf pickup. They usually start at the east side of town first.

Please see our website at www.elkrapids.org for the rules of what can be in the piles and what not.

Thank you.

Stay safe and well.
